

# **ASTM Standards for Whole Building Functionality and Serviceability: 3<sup>rd</sup> Edition**

---

## ***Table of Contents***

### **Section 1: Demand for and Supply of Serviceability of an Office Facility**

- E 1679 Standard Practice for Setting the Requirements for the Serviceability of a Building or Building-Related Facility
- E 1334 Standard Practice for Rating the Serviceability of a Building or Building-Related Facility
- E 1660 Standard Classification for Serviceability of an Office Facility for Support for Office Work
- E 1661 Standard Classification for Serviceability of an Office Facility for Meetings and Group Effectiveness
- E 1662 Standard Classification for Serviceability of an Office Facility for Sound and Visual Environment
- E 1663 Standard Classification for Serviceability of an Office Facility for Typical Office Information Technology
- E 1664 Standard Classification for Serviceability of an Office Facility for Layout and Building Factors
- E 1665 Standard Classification for Serviceability of an Office Facility for Facility Protection
- E 1666 Standard Classification for Serviceability of an Office Facility for Work Outside Normal Hours or Conditions
- E 1667 Standard Classification for Serviceability of an Office Facility for Image to the Public and Occupants
- E 1668 Standard Classification for Serviceability of an Office Facility for Amenities to Attract and Retain Staff
- E 1669 Standard Classification for Serviceability of an Office Facility for Location, Access and Wayfinding
- E 1670 Standard Classification for Serviceability of an Office Facility for Management of Operations and Maintenance
- E 1671 Standard Classification for Serviceability of an Office Facility for Cleanliness
- E 1692 Standard Classification for Serviceability of an Office Facility for Change and Churn by Occupants
- E 1693 Standard Classification for Serviceability of an Office Facility for Protection of Occupant Assets
- E 1694 Standard Classification for Serviceability of an Office Facility for Special Facilities and Technologies
- E 1700 Standard Classification for Serviceability of an Office Facility for Structure and Building Envelope
- E 2320 Standard Classification for Serviceability of an Office Facility for Thermal Environment and Indoor Air Conditions
- E 1701 Standard Classification for Serviceability of an Office Facility for Manageability

### **Section 2: Building Floor Area Measurement for Facility Management**

- E 1836 Standard Practice for Building Floor Area Measurements for Facility Management
- E 2619 Standard Practice for Measuring and Calculating Building Loss Features That Take Up Floor Area in Buildings

### **Section 3: Seismic Risk Assessment of Buildings, and Probable Maximum Loss**

- E 2026 Standard Guide for Seismic Risk Assessment of Buildings
- E 2557 Standard Practice for Probable Maximum Loss (PML) Evaluations for Earthquake Due-Diligence Assessments

### **Section 4: Single Family Attached and Detached Dwellings**

- E 2136 Standard Guide for Specifying and Evaluating Performance of Single Family Attached and Detached Dwellings-Durability
- E 2151 Standard Terminology of Guides for Specifying and Evaluating Performance of Single Family Attached and Detached Dwellings

- E 2156 Standard Guide for Evaluating Economic Performance of Alternative Designs, Systems, and Materials in Compliance with Performance Standard Guides for Single-Family Attached and Detached Dwellings
- E 2267 Standard Guide for Specifying and Evaluating Performance of Single Family Attached and Detached Dwellings-Indoor Air Quality
- E 2351 Standard Guide for Specifying and Evaluating Performance of Single Family Attached and Detached Dwellings-Functionality

**Section 5: Energy Evaluation and Monitoring in Buildings**

- E 1410 Standard Practice for Specifying Data for Evaluation of Energy Used in Residential Buildings
- E 1464 Standard Guide for Developing Energy Monitoring Protocols for Commercial and Institutional Buildings or Facilities

**Section 6: Terminology of Facility Management (Building-Related)**

- E 1480 Standard Terminology of Facility Management (Building-Related)
