## GENERAL INFORMATION

|  |          |
|--|----------|
| <b>Introduction</b>                          | <b>1</b> |
| <b>Description of Table Organization</b>     | <b>3</b> |
| <b>Historical and Technical Notes</b>        | <b>4</b> |
| <b>Figure 1—Odor Quality Evaluation Form</b> | <b>6</b> |
| <b>Figure 2—Odor Sample Packet</b>           | <b>8</b> |

## NAME OF ODORANT CHEMICAL (Table Number)

|   |              |
|---|--------------|
| <b>Abhexone (1)</b>                               | <b>10</b>    |
| <b>Acetophenone (2)</b>                           | <b>12</b>    |
| <b>Acetyl Pyridine: ortho-Acetyl Pyridine (3)</b> | <b>14</b>    |
| <b>Adoxal (4)</b>                                 | <b>16</b>    |
| <b>Aldehyde C-16-So-Called (5, 6)</b>             | <b>18,20</b> |
| <b>Aldehyde C-18-So-Called (7)</b>                | <b>22</b>    |
| <b>Allyl Caproate (8)</b>                         | <b>24</b>    |
| <b>Amyl Acetate: iso-Amyl Acetate (9)</b>         | <b>26</b>    |
| <b>Amyl Butyrate (10)</b>                         | <b>28</b>    |
| <b>Amyl Cinnamic Aldehyde Diethyl Acetal (11)</b> | <b>30</b>    |
| <b>Amyl Phenyl Acetate (12)</b>                   | <b>32</b>    |
| <b>Amyl Valerate (13)</b>                         | <b>34</b>    |
| <b>Andrane (14)</b>                               | <b>36</b>    |
| <b>Anethole (15)</b>                              | <b>38</b>    |
| <b>Anisole (16)</b>                               | <b>40</b>    |
| <b>Auralva (17)</b>                               | <b>42</b>    |
| <b>Benzaldehyde (18)</b>                          | <b>44</b>    |
| <b>Benzo Dihydro Pyrone (19)</b>                  | <b>46</b>    |
| <b>Bornyl Acetate: iso-Bornyl Acetate (20)</b>    | <b>48</b>    |
| <b>Butanoic Acid (21)</b>                         | <b>50</b>    |
| <b>Butanol: 1-Butanol (22)</b>                    | <b>52</b>    |
| <b>Butyl Sulfide (23)</b>                         | <b>54</b>    |
| <b>Butyl Quinoline: iso-Butyl Quinoline (24)</b>  | <b>56</b>    |
| <b>Camphor: dl-Camphor (25)</b>                   | <b>58</b>    |
| <b>Carvone: l-Carvone (26)</b>                    | <b>60</b>    |
| <b>Caryophyllene-beta and gamma Isomers (27)</b>  | <b>62</b>    |

|   |         |
|---|---------|
| Cashmeran (28)                                  | 64      |
| Celeriax (29)                                   | 66      |
| Chlorothymol (30)                               | 68      |
| Cinnamic Aldehyde (31)                          | 70      |
| Citral (32)                                     | 72      |
| Citralva (33)                                   | 74      |
| Coumarin (34)                                   | 76      |
| Cresol: m-Cresol (35)                           | 78      |
| Cresol: p-Cresol (36)                           | 80      |
| Cresyl Acetate: p-Cresyl Acetate (37)           | 82      |
| Cresyl Butyrate: p-Cresyl-iso-Butyrate (38)     | 84      |
| Cresyl Methyl Ether: p-Cresyl Methyl Ether (39) | 86      |
| Cuminic Aldehyde (40)                           | 88      |
| Cyclocitral: iso-Cyclocitral (41)               | 90      |
| Cyclodithalfarol (42)                           | 92      |
| Cyclohexanedione: 1,2-Cyclohexanedione (43)     | 94      |
| Cyclohexanol (44)                               | 96      |
| Cyclotene (45)                                  | 98      |
| Cyclotropal (46)                                | 100     |
| Decadienal: 2,4-trans-trans-Decadienal (47)     | 102     |
| Decahydro Naphthalene (48)                      | 104     |
| Dibutyl Amine (49)                              | 106     |
| Diethyl Sulfide (50)                            | 108     |
| Dimethyl Benzyl Carbinyl Butyrate (51)          | 110     |
| Dimethyl Phenyl Ethyl Carbinol (52)             | 112     |
| Dimethyl Pyrazine: 2,3-Dimethyl Pyrazine (53)   | 114     |
| Dimethyl Pyrazine: 2,5-Dimethyl Pyrazine (54)   | 116     |
| Dimethyl Pyrrole: 2,5-Dimethyl Pyrrole (55)     | 118     |
| Dimethyl Trisulfide (56)                        | 120     |
| Diola (57)                                      | 122     |
| Diphenyl Oxide (58)                             | 124     |
| Ethyl Butyrate (59)                             | 126     |
| Ethyl Propionate (60)                           | 128     |
| Ethyl Pyrazine: 2-Ethyl Pyrazine (61, 62)       | 130,132 |
| Eucalyptol (63)                                 | 134     |
| Eugenol (64)                                    | 136     |
| Floralozone (65)                                | 138     |
| Fructose (66)                                   | 140     |
| Furfural (67)                                   | 142     |
| Furfuryl Mercaptan (68)                         | 144     |
| Grisalva (69)                                   | 146     |
| Guaiacol (70)                                   | 148     |
| Heptanal (71)                                   | 150     |
| Heptanol: 1-Heptanol (72)                       | 152     |
| Hexanal (73)                                    | 154     |
| Hexanoic Acid (74)                              | 156     |
| Hexanol: 1-Hexanol (75)                         | 158     |

|   |         |
|---|---------|
| Hexanol: 3-Hexanol (76)                         | 160     |
| Hexenal: trans-2-Hexenal (77)                   | 162     |
| Hexyl Amine (78, 79)                            | 164,166 |
| Hexyl Cinnamic Aldehyde (80)                    | 168     |
| Hydratropic Aldehyde Dimethyl Acetal (81)       | 170     |
| Hydroxy Citronellal (82)                        | 172     |
| Indole (83)                                     | 174     |
| Indolene (84)                                   | 176     |
| Iodoform (85)                                   | 178     |
| Ionone: beta-Ionone (86, 87)                    | 180,182 |
| Ironone: alpha-Ironone (88)                     | 184     |
| Linalool (89)                                   | 186     |
| Limonene: d-Limonene (90)                       | 188     |
| Lyral (91)                                      | 190     |
| Maritima (92)                                   | 192     |
| Melonal (93)                                    | 194     |
| Menthol: l-Menthol (94)                         | 196     |
| Methoxy-Naphthalene: 2-Methoxy Naphthalene (95) | 198     |
| Methyl Anthranilate (96)                        | 200     |
| Methyl Acetaldehyde Dimethyl Acetal (97)        | 202     |
| Methyl Furoate (98)                             | 204     |
| Methyl-iso-Borneol: 2-Methyl-iso-Borneol (99)   | 206     |
| Methyl Quinoline: para-Methyl Quinoline (100)   | 208     |
| Methyl iso-Nicotinate (101)                     | 210     |
| Methyl Salicylate (102)                         | 212     |
| Methyl Thiobutyrate (103)                       | 214     |
| Musk Galaxolide (104)                           | 216     |
| Musk Tonalid (105)                              | 218     |
| Myrcaldehyde (106)                              | 220     |
| Nonyl Acetate (107)                             | 222     |
| Nootkatone (108)                                | 224     |
| Octanol: 1-Octanol (109)                        | 226     |
| Octenol: 1-Octen-3-OL (110)                     | 228     |
| Pentanoic Acid (111)                            | 230     |
| Pentenoic Acid: 4-Pentenoic Acid (112)          | 232     |
| Phenyl Acetic Acid (113)                        | 234     |
| Phenyl Acetylene (114)                          | 236     |
| Phenyl Ethanol (115, 116)                       | 238,240 |
| Phorone: iso-Phorone (117)                      | 242     |
| Pinene: alpha-Pinene (118)                      | 244     |
| Propyl Butyrate (119)                           | 246     |
| Propyl Quinoline: iso-Propyl Quinoline (120)    | 248     |
| Propyl Sulfide (121)                            | 250     |
| Pyridine (122)                                  | 252     |
| Safrole (123)                                   | 254     |
| Sandiff (124)                                   | 256     |
| Santalol (125)                                  | 258     |
| Skatole (126)                                   | 260     |

|  |         |
|--|---------|
| <b>Terpineol, mostly alpha-Terpineol (127)</b>   | 262     |
| <b>Tetrahydro Thiophene (128)</b>                | 264     |
| <b>Tetraquinone (129)</b>                        | 266     |
| <b>Thienopyrimidine (130)</b>                    | 268     |
| <b>Thioglycolic Acid (131)</b>                   | 270     |
| <b>Thiophene (132)</b>                           | 272     |
| <b>Thymol (133)</b>                              | 274     |
| <b>Tolualdehyde: ortho-Tolualdehyde (134)</b>    | 276     |
| <b>Toluene (135, 136)</b>                        | 278,280 |
| <b>Trimethyl Amine (137)</b>                     | 282     |
| <b>Undecalactone: gamma-Unadecalactone (138)</b> | 284     |
| <b>Undecylenic Acid (139)</b>                    | 286     |
| <b>Valeraldehyde: iso-Valeraldehyde (140)</b>    | 288     |
| <b>Valeric Acid: iso-Valeric Acid (141)</b>      | 290     |
| <b>Valerolactone: gamma-Valerolactone (142)</b>  | 292     |
| <b>Vanillin (143)</b>                            | 294     |
| <b>Zingerone (144)</b>                           | 296     |

NAME OF ODORANT MIXTURE (Table Number)

|   |     |
|---|-----|
| <b>Cedartone (145)</b>                              | 298 |
| <b>Cedrone S (146)</b>                              | 300 |
| <b>Cinnamon Bark Oil-Ceylon (147)</b>               | 302 |
| <b>Cinnamon Leaf Oil-Ceylon (148)</b>               | 304 |
| <b>Clove Bud Oil (149)</b>                          | 306 |
| <b>Eucalyptus Oil (150)</b>                         | 308 |
| <b>Garlic Oil (151)</b>                             | 310 |
| <b>Oenantic Ether (152)</b>                         | 312 |
| <b>Onion Oil (153)</b>                              | 314 |
| <b>Patchouli Oil (154)</b>                          | 316 |
| <b>Perfume CHARLIE (155)</b>                        | 318 |
| <b>Phenoxaflor (156)</b>                            | 320 |
| <b>Pyrroline + Pyrrolidone-mixture (157)</b>        | 322 |
| <b>Rosemarel (158)</b>                              | 324 |
| <b>Spearmint Oil (159)</b>                          | 326 |
| <b>Blank: Dipropylene Glycol Solvent Only (160)</b> | 328 |
