

STP 985

***Rapid Methods For  
Chemical Analysis of  
Hydraulic Cement***

*Ronald F. Gebhardt, editor*

ASTM  
1916 Race Street  
Philadelphia, PA 19103

# Contents

<b>Introduction</b>	1
SECTION I. ATOMIC ABSORPTION METHODS	
<b>Method for Spectrochemical Analysis of Portland Cement Using an Atomic Absorption Spectrophotometer—PORTLAND CEMENT ASSOCIATION</b>	5
APPENDIX: Evaluation of Method—E. H. SCOTT	12
<b>Atomic Absorption Methods for Analysis of Portland Cement—E. H. SCOTT</b>	15
SECTION II. X-RAY SPECTROCHEMICAL METHODS	
<b>Suggested Method for Spectrochemical Analysis of Portland Cement by Fusion with Lithium Tetraborate Using an X-Ray Spectrometer—CLYDE W. MOORE</b>	31
<b>Method for X-Ray Spectrochemical Analysis of Ground and Pelletized Cement or Clinker—J. E. MANDER AND C. W. TRADER</b>	38
<b>Suggested Method for X-Ray Emission Spectrometric Analysis of Portland Cement by the Energy-Dispersive Technique—B. D. WHEELER</b>	48
SECTION III. SPECTROPHOTOMETRIC/EDTA METHODS	
<b>Spectrophotometric and EDTA Methods for Rapid Analysis of Hydraulic Cement—Z. T. JUGOVIC</b>	57
SECTION IV. FREE LIME RAPID METHODS	
<b>The Determination of Free CaO in Cements and Clinkers—J. W. YULE AND R. D. CHADWICK</b>	75
<b>Extraction of Free Lime in Portland Cement and Clinker by Ethylene Glycol—M. P. JAVELLANA AND I. JAWED</b>	78
APPENDIX: Evaluation of Method—N. T. FLORES	83

**LaFarge Chemical Method No. 42: Free CaO—CANADA CEMENT LAFARGE LTD.** 84

SECTION V. RAPID ANALYSIS OF SULFUR

**Method for Analysis of Total Sulfur as SO<sub>3</sub> in Portland Cement and Clinker Using the LECO Sulfur Analyzer—M. G. LEWIS AND E. H. SCOTT** 89

**APPENDIX I— Alumina: Direct Determination Chemical Method** 93

**APPENDIX II— ASTM Methods for Chemical Analysis of Hydraulic Cement (C 114-85)** 119
