

Standing Committees of the ASTM International Board of Directors

2012 Committee on Standards

SCOPE:

The Committee on Standards (COS) is responsible for the review and approval of technical committee recommendations for actions on standards. COS verifies that the procedural requirements of the Society's regulations and its criteria for due process have been satisfied. The committee acts to resolve jurisdictional disputes with respect to standards. COS develops, maintains and interprets the *Form and Style for ASTM Standards* manual and reviews all requests from technical committees for exceptions to the manual.

Members:

Rodney Conn, Chairman
Henry J. Albert
Roy Hori
Lawrence Judovits
Janet Lloyd
William Weissman
Vicky Taylor
Philip Mattson
Brian Trimble

Members Ex Officio:

Lawrence D. Carbary
Kenneth F. Yarosh

Staff Secretary:

Leonard Morrissey

2012 Committee on Technical Committee Operations

SCOPE:

The Committee on Technical Committee Operations (COTCO) develops and maintains the "Regulations Governing ASTM Technical Committees," and acts upon recommended changes. COTCO is responsible for the interpretation and enforcement of these regulations, excluding actions on standards. The committee acts to resolve jurisdictional disputes with respect to the technical committee scopes. It develops and recommends means for achieving the most efficient operation of technical committees and is concerned with the scope, structure, operation, development, and planning of these technical committees.

Members:

Lawrence D. Carbary, Chairman
John Germaine
Robin E. Graves
Bill Griese
James T. Hartman
John R. Logar
Adam J. Morrison
James J. Simnick
James S. Webber

Members Ex Officio:

Rodney Conn
Kenneth F. Yarosh

Staff Secretary:

Scott Orthey

2012 Committee on Publications

SCOPE:

The Standing Committee on Publications (COP) advises the board of directors on the formulation of publication policy. The committee is responsible for the publications program of the Society, except the acceptance for publication of ASTM standards. COP administers the Society publications program and may, with the concurrence of the board, initiate, continue, expand, or terminate periodicals, journals, series, or other continuing publications with the exception of the *Annual Book of ASTM Standards*.

Members:

Edward G. Nisbett, Chairman
Zdenek Hejzlar, Vice Chairman
Ronald B. Adamson
B. Thomas Carr
Susan Jones
William Likos
Dee Magnoni
Rodney A. McPhee
R.A. Kishore Nadkarni
Scott M. Schlorholtz

Member Ex-Officio:

Kenneth F. Yarosh

Staff Secretary:

Kathy Dernoga

2012 Committee on Certification Programs

SCOPE:

The Committee on Certification Programs (CCP) is responsible for advising the ASTM board of directors on the formulation of certification program policy and approves/dissolves ASTM certification programs. CCP develops, maintains, interprets and enforces the *General Operations Manual for ASTM Certification Programs*, and acts upon recommended changes. CCP is also responsible for review and approval of specific certification program manuals. CCP handles appeals of program violations and complaints from program participants. ASTM certification programs include: Product Certification, Personnel Certification and Personnel Certificate Programs.

Members:

W. James Bover (Chairman)
Jon R. Cavallo
Ronald D. Graham
Lloyd W. Reese
Mickie Rops

Member Ex-Officio:

Kenneth F. Yarosh

Staff Secretary:

Tim Brooke
