Peer Review Policy

Each paper published in this volume was evaluated by three peer reviewers. The authors addressed all of the reviewers' comments to the satisfaction of both the technical editor(s) and the ASTM Committee on Publications.

The quality of the papers in this publication reflects not only the obvious efforts of the authors and the technical editor(s), but also the work of these peer reviewers. The ASTM Committee on Publications acknowledges with appreciation their dedication and contribution of time and effort on behalf of ASTM.

Foreword

The Sixth Symposium on Test Methods for Vertebrate Pest Control and Management Materials was presented at Monterey, CA, on 4 March 1988. ASTM Committee E-35 on Pesticides and its Subcommittee E35.17 on Vertebrate Pest Control Agents cosponsored the symposium. William B. Jackson, Bowling Green State University, served as chairman of the symposium. Kathleen A. Fagerstone and Richard D. Curnow, USDA/APHIS/S&T, Denver Wildlife Research Center, served as editors of the resulting publication.
