## Foreword

Most of the papers in this publication were presented at a symposium held in New Orleans, Louisiana, 17 October 1978. The symposium was sponsored by the American Society for Testing and Materials' Committee E-35 on Pesticides in cooperation with Subcommittee E35.21 on Safety to Man and Environment. E. E. Kenaga, The Dow Chemical Company, presided as symposium chairman and editor of this publication.

## A Note of Appreciation to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge with appreciation their contribution.
