Foreword

The Symposium on Full-Scale Load Testing of Structures was held 2 April 1979 in Philadelphia, Pa. ASTM Committee E06 on Performance of Building Constructions and the American Society of Civil Engineers Committee on the Professional Practice for Full-Scale Structural Testing jointly sponsored the symposium. The symposium committee consisted of W. R. Schriever and J. E. Minor, Co-chairmen, and J. H. Davison, J. Janney, R. A. Jones, A. Longinow, F. C. Pneuman, and R. L. Tuomi. Schriever also served as editor of this publication.

A Note of Appreciation to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge their contribution with appreciation.
