Foreword

The symposium on Building Security was presented at Gaithersburg, Maryland, 4 and 5 April 1979. The symposium was sponsored by the American Society for Testing and Materials through its Committee F-12 on Security Systems and Equipment in cooperation with the National Bureau of Standards, U.S. Department of Commerce. John Stroik, National Bureau of Standards, presided as symposium chairman and editor of this publication.

A Note of Appreciation to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge with appreciation their contribution.
