Foreword

The Symposium on Acoustic Emissions in Geotechnical Engineering Practice was held 24 June 1981, during the June Committee Week of the American Society for Testing and Materials in Detroit, Michigan. ASTM Committee D-18 on Soil and Rock for Engineering Purposes sponsored the symposium. V. P. Drnevich, University of Kentucky, and R. E. Gray, GAI Consultants, Inc., organized the symposium and served as editors of this publication.

A Note of Appreciation to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge with appreciation their contribution.
