Foreword

The symposium on Hazardous Solid Waste Testing was held in Ft. Lauderdale, Fla., 14-15 Jan. 1981. This symposium, the first of a series of such conferences, was sponsored by ASTM Committee D-34 on Waste Disposal, in cooperation with ASTM Committee D-19 on Water and ASTM Committee D-18 on Soil and Rock. R. A. Conway, Union Carbide Corporation, and B. C. Malloy, Engineering-Science, served as symposium chairmen and as editors of this publication.

A Note of Appreciation to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge with appreciation their contribution.
