Foreword

The symposium on New Directions in Molecular Luminescence was held in Atlantic City, NJ on 10 March 1982. ASTM Subcommittee E13.06 on Molecular Luminescence sponsored it. DeLyle Eastwood chaired the symposium and edited this publication.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
