Foreword

The symposium on Purity Determination by Thermal Methods was held in Baltimore, Maryland, 25 April 1983. The symposium was sponsored by ASTM Committee E-37 on Thermal Measurements. R. L. Blaine, E. I. du Pont de Nemours and Company, and C. K. Schoff, PPG Industries, presided as symposium cochairmen and are coeditors of this publication.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
