Foreword

This publication, *Skiing Trauma and Safety: Fifth International Symposium*, contains papers presented at the Fifth International Symposium on Skiing Trauma and Skiing Safety, which was held in Keystone, Colorado, on 1-6 May 1983. The symposium was co-sponsored by ASTM, through its Committee F-27 on Snow Skiing, and the International Society for Skiing Safety. Presiding as chairmen were Robert J. Johnson, of the University of Vermont College of Medicine, and C. Daniel Mote, Jr., of the University of California at Berkeley, both of whom also served as editors of this publication.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
