Foreword

This publication, *Uniformity of Cement Strength*, contains papers presented at the symposium of the same name held in Louisville, Kentucky, on 19 June 1986. The symposium was sponsored by ASTM Committee C-1 on Cement. Emery Farkas, W. R. Grace and Co., and Paul Klieger, Portland Cement Association, presided as symposium chairmen and were coeditors of this publication.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
