

Manual 51

Distillation and Vapor Pressure Measurement in Petroleum Products

Table of Contents

Chapter 1 - Introduction and a Brief Historical Background—*R. G. Montemayor*

Chapter 2 - Distillation Measurement at Atmospheric Pressure—*R. G. Montemayor*

Chapter 3 - Distillation Measurement at Reduced Pressure—*R. M. Daane*

Chapter 4 - Simulated Distillation Measurement—*S. Workman*

Chapter 5 - Vapor Pressure Measurement—*R. G. Montemayor*

Chapter 6 - On Line Measurement of Distillation and Vapor Pressure—*A.T. Lau, M.A. Collier*

Chapter 7 - Distillation and Vapor Pressure Data in Crude Oil—*R. G. Montemayor*

Chapter 8 - Distillation and Vapor Pressure Data in Spark-Ignition Fuels—*B.R. Bonazza, L.M. Gibbs*

Chapter 9 - Distillation and Vapor Pressure Data in Diesel Fuels—*R. G. Montemayor*

Chapter 10 - Distillation and Vapor Pressure in Aviation Fuels—*K. H. Strauss*

Chapter 11 - Distillation and Vapor Pressure Data of Solvents—*R.G. Montemayor, J.W. Young*

Chapter 12 - Distillation and Vapor Pressure Data in Liquefied Petroleum Gas (LPG)—*R.J. Falkiner,
R.G. Montemayor*

Appendix—*R. G. Montemayor*
