Contents

Overview—C. H. McElroy and D. A. Lienhart vii

Durability Testing

Bureau of Reclamation Experience in Testing of Riprap for Erosion Control of Embankment Dams—J. A. Farrar 3

A Mill Abrasion Test for Wear Resistance of Armour Stone—J.-P. Latham 46

Insoluble Residue of Carbonate Rock and Its Applications to the Durability Assessment of Rock Riprap—H. H. Fisher 62

Environmental Testing of Rock Used as Erosion Protection in Arid Environments—D. M. Duffy and H. H. Hatzell 69

The Mechanism of Freeze-Thaw Deterioration of Rock in the Great Lakes Region—D. A. Lienhart 77

Evaluation of Limestone and Dolomite Armor Stone Durability From Observations in the Great Lakes Region—R. L. Erickson 88

Petrographic Examination of Large Stone Durability—G. S. Wong and R. J. Lutton 94
SPECIFICATION CONFORMANCE TESTING

Production of Erosion Control Stone—H. Schauburger, C. O. D. Arrand, and J. D. Major 113

Proposed Standard for Sizes of Stone for Erosion Control—C. R. Marek 122
