Contents

Introduction ix

Overview 1

SEDIMENT CHARACTERIZATION

Keynote Paper: The Fate of Toxic Pollutants in Contaminated Sediments—
R. N. YONG 13
Discussion 38

Use of Bathymetry for Sediment Characterization at Indiana Harbor—
D. M. PETROVSKI 40

Oxidation of Pyrite in Marine Clays and Zinc Adsorption by Clays—
M. OHTSUBO 50

Heavy Metal Concentration in Bay Sediments of Japan—M. FUKUE, Y. KATO,
T. NAKAMURA, AND S. YAMASAKI 58

DREDGING TRANSPORT AND HANDLING

Removal of Contaminated Sediments: Equipment and Recent Field Studies—
J. B. HERBICH 77

Demonstrations and Commercial Applications of Innovative Sediment
Removal Technologies—J.-P. PELLETIER 112

Data Requirements for Advancing Techniques to Predict Dredge-Induced
Sediment and Contaminant Releases—A Review—D. E. AVERETT 128

Development of Solidification Technique for Dredged Sediments—S. YAMASAKI,
H. YASUI, AND M. FUKUE 136
Field Demonstrations of Sediment Treatment Technologies by the USEPA's Assessment and Remediation of Contaminated Sediments (ARCS) Program—S. Garbaciak, Jr. and J. A. Miller

Factors Influencing the Development of a Biostimulant for the In-Situ Anaerobic Dechlorination of Polychlorinated Biphenyls in Fox River, Wisconsin Sediments—M. B. Hollifield, J. K. Park, W. C. Boyle, and P. R. Fritschel

New In-Situ Procedures for Measuring Trace Metals in Pore Waters—H. Zhang, W. Davison, and G. W. Grime

Mercury-Contaminated Sludge Treatment by Dredging in Minamata Bay—K. Yoshinaga

Containment and Isolation

Abating Coal Tar Seepage into Surface Water Bodies Using Sheet Piles with Sealed Interlocks—B. I. Collingwood, M. D. Boscardin, and R. F. Murdock

Soil-Bentonite Design Mix for Slurry Cutoff Walls Used as Containment Barriers—N. S. Rad, R. C. Bachus, and B. D. Jacobson

Design and Performance Verification of a Soil-Bentonite Slurry Wall for the Hydraulic Isolation of Contaminated Sites—R. Hollenweger and L. Martinenghi

Management Strategies

Strategies for Management of Contaminated Sediments—M. R. Palermo and J. Miller

Partnering for Environmental Restoration: The Port Hope Harbour Remedial Action Plan (RAP)—S. M. C. Weston
