Overview

Wrist Guards

Implications of Wrist Guard Use on Wrist Injuries in Pediatric Snowboarders: A Retrospective Case Series—N. Engel, M. Langran

Prospective Study to Compare Efficacy of Different Designs of Wrist Protection for Snowboarders—P. Wadsworth, M. Binet, A. Rowlands

Effect of Wearing a Wrist Guard on the Site of Injury in the Upper Limb in Snow Sports Participants—G. Waddington, T. Dickson, S. Trathen, A. Waddington

The Use of Wrist Guards by Snowboarders in Switzerland—O. Bianchi, F. Michel, O. Brügger

Testing Damping Performance and Bending Stiffness of Snowboarding Wrist Protectors—K. Schmitt, F. Michel, F. Staudig

Jumping

Design of Terrain Park Jump Landing Surfaces for Constant Equivalent Fall Height is Robust to “Uncontrollable” Factors—M. Hubbard, A. Swedberg

Modelling the “Pop” in Winter Terrain Park Jumps—J. McNeil

Modeling Terrain Park Jumps: Linear Tabletop Geometry May Not Limit Equivalent Fall Height—A. Swedberg, M. Hubbard

The Inverting Effect of Curvature in Winter Terrain Park Jump Takeoffs—J. McNeil

Resort Safety

The Effect of Impact Speed, Construction and Lay-out of Different Ski Safety Barriers on Peak Decelerations and Penetration Values of a Solid Dummy During Full Scale Impacts—N. Petrone

The California Mountain Resort Safety Report: Survey Methodology and Scoring Criteria—D. Penniman

**Epidemiology**

Winter Sport Injuries in France Over Two Decades—*J. Laporte, L. Bajolle, D. Lamy, J. Delay*

Alpine Skiing, Telemarking, Snowboarding, and Skiboarding Injuries Related to Gender and Ability—*A. Ekeland, A. Rødven*

Cross-Country Skiing Injuries in the Czech Republic in Seasons 2003-2010—*J. Rokyta, R. Chlad*

**Helmets: Head/Neck**

Head and Neck Injury Potential with and without Helmets during Head-First Impacts on Snow—*D. Dressler, D. Richards, E. Bates, C. Van Toen, P. Cripton*

Comparison between Hybrid III Headforms by Linear and Angular Dynamic Impact Response Characteristics—*M. Kendall, T. Hoshizaki*

The Influence of Headform Circumference and Mass on Alpine Ski Helmet Performance—*A. Post, G. Gimbel, T. Hoshizaki*

**Hip Injuries**

Common Mechanisms of Hip Injury and Associated Hip Pathology in Professional Skiers and Snowboarders—*M. Philippon, M. Herzog, K. Briggs*
