STANDARDS ROADMAPING RESULTS

Initial work for standards took place where attendees determined a priority of standards works needed to begin in F46.01 on Aerospace Engineers and Technicians. The intent is to develop initial framework standards and certifications with specialized endorsements to follow. The committee is open to additional work by other stakeholder groups. As a result, the following standards will begin:

1. [WK51565](#) Practice for Core Competencies of Aerospace Personnel
Technical Contact –Jon Haag
2. [WK51566](#) Practice for Soft Skills of Aerospace Personnel
Technical Contact – JD McHenry
3. [WK51567](#) Practice for Compliance Documentation of Aerospace Personnel
Technical Contact – George Walters
4. [WK51568](#) Practice for Airframe and Systems Personnel
Technical Contact – Chad Doehring
5. [WK51569](#) Practice for Powerplant Personnel
Technical Contact – Marlin Priest
6. [WK51570](#) Practice for Equipment and Furnishings Personnel
Technical Contact –Paul Cummings
7. [WK51571](#) Practice for Aircraft Electronics Technician
Technical Contact – Mike Adamson

To directly impact the content of these standards, please let the technical contact and Christine DeJong know so we can add you to the online collaboration area. [Video Demo of the ASTM Collaboration Area](#)

OUTREACH STRATEGY

In order to build a truly market relevant industry consensus standard, relevant stakeholders should be at the table. As F46 gains momentum, the goal is to engage the following organizations. It is urged that members reach out to their contacts to get them involved. Share the video linked below in order to maintain a consistent message delivery. If you build it they will come!

A4A	ARSA	Dassault	Hondajet	PAMA
AAAE	ATEC	Dealer Council	Honeywell	Pratt Whitney
ABARIS Training	Boeing	EAA	Jeppesen	Rockwell Collins
AIA	Bombardier	European MROs	Lufthansa	Rolls Royce
AIAA	CAAC	FAA Safety Team	Military OEMs	TCCA
Airbus	CAMP/FlightDocs/TraxAll	GE Aviation	NASAO	TIMCO
ANAC	CASA	Gulfstream	NATA	
AOPA	Cirrus Aircraft	HAI	NCAT	

CALL FOR LEADERSHIP!

The committee still needs subcommittee chairmen positions filled for all the subcommittee named above. Contact Sam Haycraft and Christine if you volunteer or have suggestions.

GET INVOLVED SOONER RATHER THAN LATER

There is only one way to maximize your influence – directly participate in the task groups formed. ASTM offers online training all year long. Check out the [Virtual Classroom for Members](#).

JOINING SUBCOMMITTEES

Login to your My Committees page and view your account on the left column. Click on “Join Additional Committees”. If you don’t see this option, simply email Staff which of the above subcommittees you wish to join. Learn how to login Here: [Website Navigation Videos](#)
