Foreword

This publication, *Nondestructive Testing of Pavements and Backcalculation of Moduli*, contains papers presented at the First International Symposium on Nondestructive Testing of Pavements and Backcalculation of Moduli, which was held in Baltimore, Maryland, 29–30 June 1988. The symposium was sponsored by ASTM Committees D-4 on Road and Paving Materials and D-18 on Soil and Rock. A. J. Bush III, USAE Waterways Experiment Station, and G. Y. Baladi, Michigan State University, presided as symposium chairmen and were editors of this publication.
