Peer Review Policy

Each paper published in this volume was evaluated by three peer reviewers. The authors addressed all of the reviewers' comments to the satisfaction of both the technical editor(s) and the ASTM Committee on Publications.

The quality of the papers in this publication reflects not only the obvious efforts of the authors and the technical editor(s), but also the work of these peer reviewers. The ASTM Committee on Publications acknowledges with appreciation their dedication and contribution to time and effort on behalf of ASTM.

Foreword

The International Symposium on Fire and Flammability of Furnishings and Contents of Buildings was presented at Miami, Florida, 7 December 1992. The symposium was sponsored by ASTM Committee E5 on Fire Standards and Its Subcommittee E05.32 on Research. Andrew J. Fowell, National Institute of Standards and Technology, presided as symposium chairman and is the editor of this publication.
