To make technical information available as quickly as possible, the peer-reviewed papers in this publication were prepared "camera-ready" as submitted by the authors.

The quality of the papers in this publication reflects not only the obvious efforts of the authors and the technical editor(s), but also the work of these peer reviewers. The ASTM Committee on Publications acknowledges with appreciation their dedication and contribution of time and effort on behalf of ASTM.

## Foreword

This publication, *Durability Testing of Nonmetallic Materials*, contains papers presented at the symposium of the same name, held in Fort Lauderdale, FL on 23–24 January 1996. The symposium was sponsored by ASTM Committee G-3 on Durability of Nonmetallic Materials. Robert J. Herling, Atlas Electric Devices Company, presided as symposium chairman and is editor of the resulting publication.
