SYMPOSIUM ON
DYNAMIC TESTING
OF SOILS

Presented at the
FIFTY-SIXTH ANNUAL MEETING
AMERICAN SOCIETY FOR TESTING MATERIALS
Atlantic City, N. J., July 2, 1953

ASTM Special Technical Publication No. 156

Published by the
AMERICAN SOCIETY FOR TESTING MATERIALS
The papers and discussions in the Symposium on Dynamic Testing of Soils were presented at the Twenty-ninth and Thirtieth Sessions of the Fifty-Sixth Annual Meeting of the Society held on July 2, 1953, in Atlantic City, N. J. Committee D-18 on Soils for Engineering Purposes sponsored this symposium with two main purposes in mind, namely, to assemble, for publication, all available information and to discuss as yet unsolved problems in the field of soil dynamics.
NOTE.—The Society is not responsible, as a body, for the statements and opinions advanced in this publication.
CONTENTS

Introduction—R. K. Bernhard ........................................... 1
The Elastic Theory of Soil Dynamics—Patrick M. Quinlan ............... 3
Vibrations in Semi-Infinite Solids Due to Periodic Surface Loading—T. Y. Sung 35
  Discussion ................................................................. 64
A Discontinuous Model for the Problems of Soil Dynamics—J. J. Slade, Jr. . . 69
Macromeritic Liquids—Hans F. Winterkorn .................................... 77
A Dynamic Analogy for Foundation-Soil Systems—Adrian Pauw .............. 90
Elasticity and Damping Effects of Oscillating Bodies on Soil—H. Lorenz .... 113
  Discussion ................................................................. 123
Compaction of Sand at Resonant Frequency—Frederick J. Converse . . . 124
Loose Sands—Their Compaction by Vibroflotation—Elio D’Appolonia .... 138
  Discussion ................................................................. 155
Performance Records of Engine Foundations—Gregory P. Tschebotarioff . 163
  Discussion ................................................................. 168
Vibration Research on Road Constructions—C. van der Poel ................. 174
The Pressures Generated in Soil by Compaction Equipment—A. C. Whiffin . 186
Pilot Studies on Soil Dynamics—R. K. Bernhard and J. Finelli .............. 211
Bibliography of Publications on Soil Dynamics—Prepared by Subcommittee R-9 on
  Dynamic Properties of Soils, R. K. Bernhard, Chairman .................. 254
THIS PUBLICATION is one of many issued by the American Society for Testing Materials in connection with its work of promoting knowledge of the properties of materials and developing standard specifications and tests for materials. Over the years the Society has published many technical symposiums, reports, and special books. These may consist of a series of technical papers, reports by the A.S.T.M. technical committees, or compilations of data developed in special Society groups with many organizations co-operating. A list of A.S.T.M. publications and information on the work of the Society will be furnished on request.
