

Subject Index

A

Acid digestion, 259
 Ambient air measurement, 15
 American Chemical Society, 282
 American Petroleum Institute standards, 403
 American Public Health Association standards, 403
 ASTM standards, 403

B

Beilstein reaction, 271
 Bioassay analysis
 genotoxicity evaluations, 130
 in situ toxicology, 163
 principles, 78
 toxicity organisms, 107, 130, 140

C

Carbon pyrolysis, 3, 298
 Center for Disease Control, 15
 Chlorinated solvents, 298
 Chlorine measurement, 271
 Chromatographic analyses, 78, 271
 Clean Water Act, 434
 Comprehensive Environmental Response Compensation and Liability Act, 434
 Computer data collection, 421, 441
 Cyanide gas formation, 307

D

Deionized water, 3
 Dilution plume, 381
 Dry digestion techniques, 312

E

Environmental contaminants
 acids, 259
 biological effects, 163
 carcinogens, 163, 298
 cyanides, 307
 dioxin, 15
 formaldehyde, 323
 mercury, 247

mutagens, 163, 176
 pesticides, 78, 130, 140
 radioactive waste, 351
 Environmental monitoring, 176, 369, 381, 421
 Environmental Protection Agency (EPA) Procedures
 gas chromatography, 333
 ground water evaluation, 3
 extraction method, 176
 land disposal restrictions rule, 199
 mass spectrometry, 333,
 solid waste evaluation, 217, 259, 282
 toxicity characteristic leaching procedure, 107, 199, 217

F

Freundlich-type isotherms, 228

G

Gas chromatography, 323, 333, 421,
 Genotoxicity, 89
 Glow discharge ionization, 64
 Ground water contamination, 3, 50

H

Halogenated ethanes, 3
 Hazardous waste (liquid)
 chlorinated compounds, 89, 271, 365
 disposal, 351
 ground water, 3, 50, 247
 herbicides, 140
 industrial effluents, 130, 381
 leaching media, 107
 petroleum products, 228
 See also Petroleum products
 solvents, 89
 toxicological assessment, 107, 421
 Wastewater, 176, 247

458 WASTE TESTING AND QUALITY ASSURANCE

- Hazardous waste (solid)
 - analytical equipment, 351
 - cyanides, 307
 - disposal, 130, 199, 351
 - incinerator ash, 312
 - metallic, 89, 217, 259, 282
 - particulates, 312
 - radioactive mixed, 351
 - sample contamination, 259
 - sludges, 247, 259
 - soil sampling, 140, 176, 228
 - storage, 43
- Hazardous waste sites, 140, 421
- Human health effects, 130, 307
- I
- Ion chromatography, 271
- Ion electrode determinator, 271
- Immunoassay analysis, 78
- L
- Laboratory quality control, 421, 434, 441
- Leaching procedures, 199, 217, 228
- Leaching media, 107
- Liquid chromatography, 323, 441
- M
- Mass spectrometry
 - atomic absorption method, 247, 282
 - capillary columns, 333
 - computerized data bases, 421, 441
 - glow discharge technique, 64
 - packed columns, 333
 - soil sampling, 64
 - x-ray fluorescence, 271
- Mercury concentrations, 247
- Metal digestion, 282
- Methylene chloride
 - extraction, 323
- Microcoulometric titration, 3, 271, 298
- Microwave digestion, 259, 312
- N
- Natural matrix samples, 434
- Non-volatile organic compounds, 31
- O
- Organic halogen analysis, 3, 298, 365
- P
- Particle beam analysis technique, 369
- Petroleum products
 - chlorine contamination, 271, 365
 - in soils, 228
 - microwave digestion of, 259
 - regulations, 403
- Phage-induction assay, 89
- Plasma emission spectroscopy, 282, 312
- Potable water monitoring, 176
- Pyrolysis titration, 298
- R
- Radioactive waste, 351
- Regional auditing system, 421
- Resource Conservation and Recovery Act
 - extraction procedures, 199
 - ground water
 - contamination, 3
 - laboratory evaluations, 434
 - radioactive waste
 - disposal, 351
 - solid waste evaluations, 259
- S
- Safe Drinking Water Act, 333, 434
- Semi-volatile organic compound analysis, 351
- Spectroscopy, 282, 312, 381
- Superfund sites, 15, 421
- T
- Thermal decomposition, 259
- Thermospray analysis technique, 369

Trihalomethanes, 3

V

Volatile organic compound
 sampling
 canister-based samplers, 43
 capillary columns, 333
 case studies, 50
 electronic flow
 controllers, 43
 packed columns, 333
 ground water monitoring, 50,
 64

soils, 64, 228, 298
solid sorbent samplers,
 31, 43
storage stability, 43, 351

W

Waste treatment systems, 381
Water cluster ions, 64
Weak acid dissociable
 method, 307
Wet digestion techniques,
 312
