

# Subject Index

## A

Acceleration, 272  
 Adverse effects, 224  
 Age, relative, 70  
 Aggression, 12, 26, 117  
 Assumption of risk, 193  
 Athlete satisfaction, 139  
 Atom age level, 70

## B

Behavioral strategies/guidelines, 135  
 Biomechanics, 282  
 Body checking, 70, 180  
 Brain-cells, vulnerability, 98  
 Breathing, intra-oral mouthguard and, 237

## C

Checking, 180  
 Coaches, 26, 180  
   behaviors, 139  
   development, 167  
   perception of aggression, 12  
   responsibilities and liabilities, 193  
 Community of practice, 167  
 Concussion, 87, 98, 180  
 Creatine supplementation, 224

## D

Developing athlete, 70, 87, 135, 139, 167,  
 180, 272  
 Developmental needs, 135  
 Diagnosis, 59

## E

Epidemiology, 40, 98  
 Equipment, 117  
 Ergogenic, 224  
 Exercise, 224

## F

Forward skating, 265

## G

Games, 244  
 Goalies, 244

## H

Hazing, 193  
 Historical review, 59

## I

Illegal actions, 193  
 Injury, 3, 70, 193  
 Injury location, 59  
 Injury mechanism, 59, 98  
 Injury risk, 52  
 Injury surveillance system, 40  
 Injury type, historical trends, 59  
 Intent, 193  
 International Sports Injury System, 98  
 Interventions, 135  
 Intimidation, 26  
 Intra-oral mouthguards, 237  
 Ionic homeostasis, 98  
 Isometric strength, 209

## K

Kinematic analysis, 272

## L

League, 193  
 Learning, 167  
 Liability, 193  
 Likert Scales, 244  
 Litigation, 193

## M

Manufacturer, 193  
 Minor hockey, 152  
 Minor traumatic brain injury, 87, 98  
 Moral education, 152

## N

NCAA, 40  
 National Hockey League, 288

## O

Officials, 26, 193  
 Outcome of injuries, 3

**P**

Paralysis, 193  
Parental behavior, 135  
Penalties, 70  
Performance, 224, 244, 282  
Personal development, multidimensional,  
139  
Physical contact, 288  
Plantar foot, 265  
Players, 26, 193  
Plyometrics program, upper-body, 209  
Population-at-risk, 52  
Premises liability, 193  
Prevention strategies, 98  
Process of delayed axotomy, 98  
Protection lawsuit, 193  
Protective equipment, 117  
Psychophysilogic response, 244  
Puck velocity, 209  
Responsibility, 193

**R**

Return-to-play guidelines, 87, 98  
Risk management, 193

**S**

Safety, 193  
Sanctions, 135  
Side effects, 224  
Skating movements, 288  
Slap shot, 209

Spinal injury, 180  
Sportsmanship, 135, 167  
Standards, 193  
Statistical methods, 52  
Stick velocity, 209  
Subculture, 152

**T**

Task analysis, 288  
Time-motion analysis, 288  
Training, 209  
Traumatic brain injury, minor, 98  
Treadmill skating, 265

**U**

Upper-body plyometrics program, 209

**V**

Values, 139, 152, 167  
Ventilation, 237  
Violence, 12, 26, 117, 180  
Volunteer, 193

**W**

Water weight gain, 224  
Women's ice hockey, 3, 12, 87, 237

**Y**

Youth hockey, 70, 87, 135, 167, 180, 272
