Foreword

The Symposium on Masonry: Materials, Properties, and Performance was held in Orlando, Florida, on 9 December 1980. ASTM Committees C-7 on Lime, C-12 on Mortars for Unit Masonry, and C-15 on Manufactured Masonry Units sponsored the meeting. J. G. Borchelt, Masonry Institute of Houston-Galveston, and Ken Gutschick, National Lime Association, served as chairmen. Mr. Borchelt has edited this publication.

A Note of Appreciation
to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge with appreciation their contribution.
