Foreword

This publication, Definitions for Asbestos and Other Health-Related Silicates, contains papers presented at the symposium on The Need for Specific Definitions for Health-Related Minerals, which was held on 13 Oct. 1982 at ASTM Headquarters in Philadelphia, Pa. The sponsors of this symposium were ASTM Committee D-22 on Sampling and Analysis of Atmospheres and ASTM Committee E-34 on Occupational Health and Safety. Wayne P. Ellis of the H. B. Fuller Co. was chairman of the event. Benjamin Levadie, retired director of the Occupational Health Division Laboratory, State of Vermont Department of Health, organized the symposium and also served as editor of this publication.

A Note of Appreciation

to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
