Foreword

The symposium on *Effects of Radiation on Materials: Twelfth International Symposium* contains papers presented at the Twelfth International Symposium on the Effects of Radiation on Materials. The symposium was sponsored by ASTM Committee E-10 on Nuclear Technology and Applications. J. S. Perrin, Office of Nuclear Waste Isolation, presided as chairman with F. A. Garner, Westinghouse Hanford Company, and J. J. Koziol, Combustion Engineering, Inc., as cochairmen. J. S. Perrin and F. A. Garner are editors of this publication.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
