# Foreword

The Sixth International Symposium on Ski Trauma and Skiing Safety was presented at Naeba, Japan, on 22–27 April 1985. The symposium was sponsored by ASTM Committee F-27 on Snow Skiing and The International Society for Skiing and Skiing Safety. Koreo Kinoshita, Gakushuin University, Japan, served as chairman of the symposium, and C. D. Mote, Jr., University of California, and Robert J. Johnson, University of Vermont, are editors of the resulting publication.

## A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
