Balloting & Handling
Negative Votes
General Overview of Different Levels of Balloting

The Committee on Standards (COS)

Main Committee Ballot / Society Review

Subcommittee Ballot
Balance and Voting vs. Non Voting
Balance of Interest

Classified technical committees are required to be balanced. Voting producers cannot out weight the combined voting user and general interest.
Voting Rights: Voting vs. Non-Voting

➢ 1 official vote per interest (company)

➢ **All** are welcome to participate in technical discussions

➢ **All** members receive a ballot and are eligible to vote on technical issues

➢ **All** negatives are considered the same way

➢ However, Non-official voting negatives are not included in the requirements for a valid ballot

➢ Voting members can lose their vote for failure to return ballots (Inactivity)

*All = Voting and Non-Voting Members.*

Section Statement

In the summary H<2 ft (with traffic perpendicular to span)
Area of box section resisting a truck WHEEL load (not axle)
Clarification needs to be added that there are two wheels (one axle) per loaded lane and depending on the box geometry multiple loaded lanes (i.e. multiple wheels/axles) must be considered. The existing wording is too simplistic. Perhaps a figure is in needed.

regardless the first sentence of X1.2.4 needs to be corrected to be perpendicular and not parallel

Section Statement

In paragraph X1.2.3, last sentence, the word “consideration” connotes, in my understanding, that the use or value of the MPF is an option. I think a stronger word should be used.
The Three-Step Approach to Handling Negative Votes

1. COMMUNICATION
2. CONSIDERATION
3. DOCUMENTATION
Six Resolutions of a Negative Vote

➢ Persuasive

➢ Withdrawn

➢ Withdrawn with Editorial Change(s)

➢ Not Related

➢ Not Persuasive

➢ Previously Considered
Persuasive

➢ General Agreement

➢ Lack of a “not persuasive” motion

➢ A “not persuasive” motion fails (does not achieve a 2/3 affirmative)

➢ Item is removed from ballot for further consideration
Withdrawn

➢ Withdrawn by the voter

➢ May withdraw negative at any time

➢ Ballot item moves forward
Withdrawn with Editorial Change

- Withdrawn by the voter/agreed as editorial
- Editorial change introduces no change in technical content, but corrects typos or reduces ambiguity

*If editorial changes are involved, please include for next level of balloting*
Not Persuasive and Not Related

- Motion/Second/Rationale
- 2/3 affirmative vote at a meeting or via ballot
- Negatives that are determined Not Related must be addressed as items of new business
Previously Considered

➢ Note that the option is not presented systematically.

➢ Vote count and rationale need to be provided.

➢ No sub-ballot required.

➢ Same requirements as Main Committee Ballot

➢ Simultaneous with Society Review

➢ Authorization
Qualifications for Valid Main Committee / Concurrent Ballots

- 90% Affirmative of Combined Affirmative & Negative Votes
- 60% Return
