Foreword

The symposium on Stainless Steel Castings was presented at Bal Harbour, Florida, 12-13 Nov. 1980. The symposium was sponsored by ASTM Committee A-1 on Steel, Stainless Steel, and Related Alloys and organized by ASTM Subcommittee A01.18 on Steel Castings. V. G. Behal, Dominion Foundries and Steel, Ltd., and A. S. Melilli, General Electric Company, presided as symposium cochairmen and editors of the publication.

A Note of Appreciation to Reviewers

This publication is made possible by the authors and, also, the unheralded efforts of the reviewers. This body of technical experts whose dedication, sacrifice of time and effort, and collective wisdom in reviewing the papers must be acknowledged. The quality level of ASTM publications is a direct function of their respected opinions. On behalf of ASTM we acknowledge with appreciation their contribution.
