

## Letter from the Editor

---

The 2002 Award for Outstanding Article published in the *Journal of Testing and Evaluation* during the previous year (2001) has been made to “*J*-Integral Evaluation of Single-Edge Notched Specimens under Mixed-Mode I/II Loading,” by C. Dalle Donne and A. Pirondi.

The authors are from the Institute of Materials Research, German Aerospace Center DLR, Cologne, Germany, and the Department of Industrial Engineering, University of Parma, Parma, Italy, respectively.

The article was published in the *Journal* (2001), Vol. 29, No. 3, pp. 239–245.

The selection was made by the members of the Editorial Board, acting for the ASTM Committee on Publications.

Donald R. Petersen
