Purpose and Scope

The purpose of *Cement, Concrete, and Aggregates* is to provide information on new developments in testing, evaluation, and standardization of cement, concrete, concrete aggregates, admixtures, and precast concrete products, including concrete pipe, and to create a forum for the exchange of information, particularly research leading to standardization and experience in using standards.

The editorial scope of this journal includes technical papers, technical notes, letters to the editor, discussions of previously published papers, and book reviews.

Editorial Board

Committee C-1 on Cement

Karl Hauser
Edward C. Levy Co.
9300 Dix Avenue
Dearborn, MI 48120

Richard H. Howe
Tethys Consultants, Inc.
2911 Chestnut Street
Camp Hill, PA 17011

Paul Klieger
P.O. Box 2275
Northbrook, IL 60062

Richard C. Mielenz
Route 1, Box 103, Brigham Rd.
Gates Mills, OH 44040

Raymond J. Schutz
3547 Country Rd.
Waukegan, WI 53963

Committee C-9 on Concrete and Concrete Aggregates

G. S. Bobrowski
Master Builders, Inc.
23700 Chagrin Blvd.
Beachwood, OH 44122

Bernard Erlin
Testwell Craig Erlin Associates, Inc.
47 Hudson St.
Ossining, NY 10562

R. D. Hooton

The American Society for Testing and Materials is not responsible, as a body, for the statements and opinions advanced in this publication.

Cement, Concrete, and Aggregates (ISSN 0149-6123) is published semiannually by ASTM as part of the Testing and Evaluation Series, which also includes the *Journal of Testing and Evaluation* (published bimonthly) and the *Geotechnical Testing Journal* (published quarterly). Publication office and editorial office is at the Headquarters of the Society, 1916 Race St., Philadelphia, PA 19103.

Subscriptions: United States and Canada for 1 year \$35.00 (members \$26.00), for 2 years \$62.00 (members \$44.00), for 3 years \$78.00 (members \$57.00). Foreign for 1 year \$40.00 (members \$30.00), for 2 years \$72.00 (members \$52.00), for 3 years \$93.00 (members \$69.00). Single copies are \$18.00. To subscribe, please send prepaid order to ASTM, Subscription Dept.—CCA, 1916 Race St., Philadelphia, PA 19103. *Cement, Concrete, and Aggregates* is indexed regularly by Engineering Index, Inc., and available on microfilm from University Microfilms, a Xerox Company, Ann Arbor, MI. Copyright 1990 by the American Society for Testing and Materials.

Permission to Copy: The appearance of the code at the bottom of the first page of an article in this journal indicates the copyright owner's consent that copies of the article may be made for personal or internal use, or for the personal or internal use of specific clients. The consent is given on the condition, however, that the copier pay the stated per copy fee through the Copyright Clearance Center Inc., Operations Office, P.O. Box 765, Schenectady, NY 12301, for copying beyond that permitted by Sections 107 or 108 of the U.S. Copyright Law. (The per copy fee appears as the last four digits of the code at the bottom of the first page of each article.) This consent does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, or for resale. Further information may be obtained from the Copyright Clearance Center's Administrative Office, 310 Madison Ave., New York, NY 10017 (212/697-2525).

Change of address: Please return entire label on wrapper to ASTM, Subscription Dept.—CCA, 1916 Race St., Philadelphia, PA 19103.

Robert J. Goode	Ms. Sherilyn K. Rutenbeck
	Kenneth R. St. John
	Kurt H. Strauss

Information for Authors

Contributions to *Cement, Concrete, and Aggregates* are subject to peer review in accordance with the policy established by the ASTM Committee on Publications. The paper must either contribute to the permanent literature or be of immediate interest to ASTM membership. The subject matter must not be of a speculative nature and the contents must not include materials of an advertising nature. The paper must not be seriously defective as to literary form and structure, continuity of thought, and clarity of expression. The substance of the paper should not have been published previously in the open literature.

Authors preparing papers for submittal should observe the conventions of style explained in the ASTM Style Manual. Since the journal does not request page charges, the author is expected to conform to these standard conventions for style. SI units are to be used throughout; if data were not measured in SI units, a note should appear to that effect and the original units should be included in parentheses after the SI units.

The original manuscript and four clear copies, including original illustrations, should be submitted to Kathy Greene, Manager, Acquisitions and Review, ASTM, 1916 Race St., Philadelphia, PA 19103. Papers are eligible for the following ASTM awards: the Charles B. Dudley Medal (for outstanding papers published by ASTM), the Richard L. Templin Award (for outstanding papers on new and useful testing procedures and apparatus), the Sanford E. Thompson Award (for papers on concrete and concrete aggregates), and the P. H. Bates Memorial Award (for papers on hydraulic cement).

General

This publication is one of many issued by ASTM in connection with its work in promoting knowledge of the properties and performance of materials, products, systems, and services, as well as in developing standard specifications and test measurement techniques to establish their value. Much of the information results from the voluntary contributions of many of the country's leading technical authorities from industry, scientific agencies, and government. A list of publications and information on the work of ASTM will be furnished on request.

In Appreciation

The high quality of the papers that appear in this publication is a tribute not only to the obvious efforts of the authors represented but to the unheralded, though essential, efforts of their reviewers. It is to the reviewers' dedication to upholding the high standards of their profession that this note pays tribute. On behalf of ASTM and the authors as well, we acknowledge with appreciation their important contribution to the success of this journal.
