

2022 Proficiency Testing Programs Liquefied Petroleum Gas (LPG)

Important Information for participation.

1. Sample Preparation and Distribution

- Samples are prepared and distributed from Canada. Therefore, all participants are required to provide shipper information.
- Freight Forwarders can be Canadian or U.S.; however, we will still require your FedEx/UPS/DHL account number to ship from distributor to Freight Forwarder. Suggested freight forwarders - Livingston International or Bam Packaging

2. Cylinder and Case

- All participants are required to purchase a sample cylinder and case as part of program participation.
- Cylinders must be purchased from ASTM International.
- Participant must return empty cylinder with case to distributor to receive sample for the next cycle. Shipping costs are to be paid by participant.
- Cylinders deemed unusable upon return must be replaced at participant expense before next cycle shipment (replacement cylinders require **15 weeks** for ordering).
- You may purchase additional cylinders/cases if you do not wish to return cylinder for each cycle. (reminder: cylinders require **15 weeks** for ordering).

If you have any questions about registration, please contact jboone@astm.org
