Foreword

The Symposium on Testing of Metallic and Inorganic Coatings was presented at Chicago, IL, 14–15 April 1986. The symposium was sponsored by ASTM Committee B-8 on Metallic and Inorganic Coatings. James K. Long, consultant, George A. Di Bari, International Nickel Inc., and William B. Harding, Allied-Signal, Inc., served as chairmen of the symposium. William B. Harding, Allied-Signal, Inc., and George A. Di Bari, International Nickel Inc., are editors of the resulting publications.

A Note of Appreciation to Reviewers

The quality of the papers that appear in this publication reflects not only the obvious efforts of the authors but also the unheralded, though essential, work of the reviewers. On behalf of ASTM we acknowledge with appreciation their dedication to high professional standards and their sacrifice of time and effort.
