Peer Review Policy

Each paper published in this volume was evaluated by two peer reviewers and at least one editor. The authors addressed all of the reviewers' comments to the satisfaction of both the technical editor(s) and the ASTM Committee on Publications.

To make technical information available as quickly as possible, the peer-reviewed papers in this publication were prepared “camera-ready” as submitted by the authors.

The quality of the papers in this publication reflects not only the obvious efforts of the authors and the technical editor(s), but also the work of the peer reviewers. In keeping with long-standing publication practices, ASTM International maintains the anonymity of the peer reviewers. The ASTM Committee on Publications acknowledges with appreciation their dedication and contribution of time and effort on behalf of ASTM International.

Foreword

This publication, *Isocyanates: Sampling, Analysis, and Health Effects*, contains papers presented at the symposium of the same name held in Orlando, Florida, on October 26–27, 2000. The symposium was sponsored by ASTM Committee D22 on Sampling and Analysis of Atmospheres, and its Subcommittee D22.04 on Workplace Atmospheres, in cooperation with IRSST (Institut de recherché en sante et en securite du travail du Quebec). The symposium co-chairs were Irene D. DeGraff, Supelco, Bellefonte, Pennsylvania, USA and Jacques Lesage, IRSST, Montreal, Quebec, Canada.
