FOREWORD

The papers and discussion in this Symposium on Determination of Gases in Metals were presented at the Sixtieth Annual Meeting of the American Society for Testing Materials, held in Atlantic City, N. J., June 18, 1957.

This Symposium was sponsored by Committee E-3 on Chemical Analysis of Metals. The papers were presented at the seventh session of the Annual Meeting. The chairman of the session was F. M. Fowler, Electro Metallurgical Co., Niagara Falls, N. Y.
