FOREWORD

The papers and discussions in this Symposium on Structural Sandwich Constructions were presented at the Twenty-third Session of the Fifty-fourth Annual Meeting of the American Society for Testing Materials held in Atlantic City, New Jersey, on June 21, 1951. The Symposium was sponsored by Committee C-19 on Structural Sandwich Constructions, under the chairmanship of Mr. A. G. H. Dietz, Massachusetts Institute of Technology. Mr. D. G. Reid, Chance Vought Aircraft Div., United Aircraft Corp., Dallas, Tex., acted as technical chairman of the session.

NOTE.—The Society is not responsible, as a body, for the statements
and opinions advanced in this publication.

CONTENTS

	PAGE
Introduction—Albert G. H. Dietz.....	1
Developments and Trends in Lightweight Composite Construction—L. J. Mark- wardt.....	3
Sandwich Construction in the Elastic Range—H. W. March.....	32
Strength of Sandwich Construction—Charles B. Norris.....	46
Discussion.....	54
Compressive and Torsional Instability of Sandwich Cylinders—George Gerard....	56
Discussion.....	69
Paper Honeycomb as a Core for Structural Sandwich Construction—Edward W. Kuenzi.....	70
Aluminum Honeycomb Sandwich Construction—Theodore P. Pajah.....	79
Discussion.....	86
Some Developments in Structural Sandwich Building Panels Having Inorganic Cores—G. M. Rapp.....	87
Discussion.....	103
Fabrication Techniques for Structural Sandwich Constructions—Bruce G. Heebink ..	104

THIS PUBLICATION is one of many issued by the American Society for Testing Materials in connection with its work of promoting knowledge of the properties of materials and developing standard specifications and tests for materials. Over the years the Society has published many technical symposiums, reports, and special books. These may consist of a series of technical papers, reports by the A.S.T.M. technical committees, or compilations of data developed in special Society groups with many organizations co-operating. A list of A.S.T.M. publications and information on the work of the Society will be furnished on request.
