## FOREWORD

---

The papers in the Symposium on The Effects of Polymer Degradation on Flow Properties of Fluids and Lubricants were presented at the meeting of ASTM Committee D-2 on Petroleum Products and Lubricants, Jan. 26-31, 1964, Atlantic City, N. J. H. R. Stringer, Rohm and Haas Co., presided as Chairman.

---

NOTE—The Society is not responsible, as a body, for the statements  
and opinions advanced in this publication.

---

## CONTENTS

---

	PAGE
Introduction—H. R. Stringer.....	1
Some Aspects of Polymer Degradation Processes—H. H. G. Jellinek.....	3
Discussion.....	13
Effect of Polymer Structure on Shear Stability of Polymer-Thickened Power Transfer Fluids—T. D. Foster, Jr., and E. R. Mueller.....	14
Discussion.....	29
Viscosity Loss in Polymer-Thickened Oils During Use—G. K. Vick and R. M. Goodson.....	33
Discussion.....	44
Effect of Some High-Energy Sources on Polymer-Thickened Lubricants—E. E. Klaus, E. J. Tewksbury, R. M. Jolie, W. A. Lloyd, and R. E. Manning.....	45
Discussion.....	56
Consideration of the Degradation of Polymer Systems on the Basis of Reduced Viscosity Loss—T. W. Selby.....	58
Discrepancies Between Mechanical and Sonic Shear Methods in Evaluating Shear Stability of Hydraulic Fluids—R. LeMar and D. Bootzin.....	70
Discussion.....	78

Determination of Shear Stability of Non-Newtonian Liquids, STP 182 (1955)

THIS PUBLICATION is one of many issued by the American Society for Testing and Materials in connection with its work of promoting knowledge of the properties of materials and developing standard specifications and tests for materials. Much of the data result from the voluntary contributions of many of the country's leading technical authorities from industry, scientific agencies, and government.

Over the years the Society has published many technical symposiums, reports, and special books. These may consist of a series of technical papers, reports by the ASTM technical committees, or compilations of data developed in special Society groups with many organizations cooperating. A list of ASTM publications and information on the work of the Society will be furnished on request.
