

## KEY TO ABBREVIATIONS OF PUBLICATIONS APPEARING IN THE BIBLIOGRAPHY

|                                                           |                                                                                                                                                                   |
|-----------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Abhandlungen der Braunschweigischen</i>                | <i>Abhandlungen der Braunschweigischen Wissenschaftlichen Gesellschaft</i> (Geysostrasse 7, Brunswick).                                                           |
| Acad. Sci. Ukrainian, S.S.R. Kiev . . . .                 | Akademiiia Nauk U.S.S.R., Kiev (Kiev, Russia).                                                                                                                    |
| A CEC . . . . .                                           | (Now Charleroi Jeumont. <i>Les Ateliers de Constructions Electrique de Charleroi et Les Forges et Ateliers de Constructions Electrique de Jeumont</i> (Brussels). |
| <i>Acta Physica Pol.</i> . . . . .                        | <i>Acta Physica Polonica</i> (Wilno, Poland).                                                                                                                     |
| <i>Acta Polytech.</i> . . . . .                           | <i>Acta Polytechnica</i> . Royal Swedish Academy of Engineering Science (Stockholm).                                                                              |
| <i>AEG-Mitt.</i> . . . . .                                | <i>AEG-Mitteilungen</i> (Berlin).                                                                                                                                 |
| AIEE . . . . .                                            | American Institute of Electrical Engineers (New York), also <i>Electrical Engineering and Transactions</i>                                                        |
| AIME . . . . .                                            | American Institute of Mining and Metallurgical Engineers, <i>Technical Publications</i> , also, <i>Mining and Metallurgy</i> (New York).                          |
| <i>Allis-Chalmers Elec. Rev.</i> . . . . .                | <i>Allis-Chalmers Electrical Review</i> (Milwaukee, Wis.).                                                                                                        |
| <i>American Water Works Association Journal</i> . . . . . | American Water Works Association, 521 Fifth Ave., New York 17, N. Y.                                                                                              |
| <i>Am. J. Science.</i> . . . . .                          | <i>American Journal of Science</i> (New Haven, Conn.)                                                                                                             |
| Am. Phys. Soc. <i>Proc.</i> . . . . .                     | American Physical Society, <i>Proceedings</i> (New York),                                                                                                         |
| <i>Ann. Chim. Phys.</i> . . . . .                         | <i>Annales de Chimie et de Physique</i> . Separated in Jan. 1914 into <i>Annales de Chimie</i> and <i>Annales de Physique</i>                                     |
| <i>Ann. d. Phys.</i> . . . . .                            | <i>Annales de Physique</i> (Paris).                                                                                                                               |
| <i>Ann. der Phys.</i> . . . . .                           | <i>Annalen der Physik</i> (Leipzig, Germany).                                                                                                                     |
| <i>Applic. &amp; Industr.</i> . . . . .                   | <i>Application &amp; Industry</i> . Part 2 of <i>Transactions of the American Institute of Electrical Engineering</i> , 33 W. 39th St., New York 18.              |
| <i>Arch. Electrotech.</i> (Berlin) . . . . .              | <i>Archiv für Elektrotechnik</i> (Berlin).                                                                                                                        |
| <i>Arch. Tech. Messen.</i> . . . . .                      | <i>Archiv für Technisches Messen</i> (Munich, Germany).                                                                                                           |
| <i>Arkiv. f. Fysik.</i> . . . . .                         | <i>Kungliga Svenska Vetenskapsakademien</i> , Stockholm 50.                                                                                                       |
| <i>Arkiv. f. Mat.-Astr. och Fysik.</i> . . . . .          | <i>Arkiv för Matematik, Astronomi och Fysik</i> (Stockholm and London).                                                                                           |
| ASEA . . . . .                                            | <i>Allmanna Svenska Elektriska A.B.</i> (Vasteras, Sweden).                                                                                                       |
| <i>Asea J.</i> . . . . .                                  | ASEA Electric Ltd., Fullbourne Road, London E17.                                                                                                                  |
| Assoc. Suisse des Elec. . . . .                           | Association Suisse des Electriciens (Schweizerischer Elektrotechnischer Verein) (Zürich, Switzerland).                                                            |
| <i>Astrophys. J.</i> . . . . .                            | <i>Astrophysical Journal</i> , Univ. of Chicago Press (Chicago, Ill.).                                                                                            |
| <i>A.T.E. Journal.</i> . . . . .                          | <i>A.T.E. Journal</i> . Formerly <i>Strowger Technical Journal</i> (Chicago, Ill.).                                                                               |
| <i>Australasian Engineer</i> . . . . .                    | Issued monthly by the Mechanical Engineers' Association, Inc.; Australian Institute of Metals; Australian Welding Institute, 20 Loftus St., Sydney, Australia.    |
| <i>Australian J. App. Sci.</i> . . . . .                  | <i>Australian Journal of Applied Science</i> , Commonwealth Scientific & Industrial Research Organization, 314 Albert St., East Melbourne, C-2.                   |
| <i>Auto. Delo.</i> . . . . .                              | <i>Avtojennoe Delo</i> . (Russia).                                                                                                                                |
| <i>Beama.</i> . . . . .                                   | British Electrical and Allied Manufacturers Association (London).                                                                                                 |

|                                                |                                                                                                                                                                                                           |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Bell Laboratories Record</i> .....          | <i>Bell Laboratory Record</i> . American Telephone and Telegraph Co. (New York).                                                                                                                          |
| <i>Bell System Technical J.</i> .....          | <i>Bell System Technical Journal</i> (New York).                                                                                                                                                          |
| <i>BIOS Rep.</i> .....                         | British Intelligence Objectives Sub-Committee Report. H.M. Stationery Office, London; U. S. Dept. of Commerce, Washington, D. C.                                                                          |
| <i>Bol. Fac. Ingen. Montevideo</i> .....       | <i>Boletín de la Facultad de Ingeniería de Montevideo</i> . Universidad de la Republica O. del Uruguay. Facultad de Ingeniería y Ramas Anexas Publicaciones. Av. Julio Herrera y Reissig 565, Montevideo. |
| <i>Brit. J. App. Phys.</i> .....               | Institute of Physics, 47 Belgrave Square, London S.W.1. Allmänna Svenska Elektriska AB, Västerås.                                                                                                         |
| <i>Brit. Stand.</i> .....                      | British Standards Institution, 24-8 Victoria St., London, S.W. 1.                                                                                                                                         |
| <i>Brown Boveri Rev.</i> .....                 | <i>Brown Boveri Review</i> (New York).                                                                                                                                                                    |
| <i>BTH Act.</i> .....                          | <i>British Thomson-Houston Actv.</i>                                                                                                                                                                      |
| <i>BT-H Tech. Monogr.</i> .....                | <i>British Thomson-Houston Technical Monograph</i> , British Thomson-Houston Co., Rugby.                                                                                                                  |
| <i>Bull.</i> .....                             | <i>Bulletin</i> (Publisher's name listed separately).                                                                                                                                                     |
| <i>Bull. Ass. Ing. Élect. Montefiore</i> ..... | <i>Association des Ingénieurs Électriciens sortis de l'Institut Électrotechnique de Montefiore. Bulletin Scientifique A.I.M.</i> (Liège).                                                                 |
| <i>Bull. Ass. Suisse Élect.</i> .....          | <i>Bulletin de l'Association Suisse des Électriciens</i> (Zurich).                                                                                                                                        |
| <i>Bull. Int. Rly. Congr. Ass.</i> .....       | <i>Monthly Bulletin of the International Railway Congress Association</i> (English Ed.), 19 Rue du Beau-Site (Brussels).                                                                                  |
| <i>Bull. Oerlikon</i> .....                    | <i>Bulletin Oerlikon</i> (London).                                                                                                                                                                        |
| <i>Bull. Soc. Belge Elect.</i> .....           | <i>Bulletin de la Société Belge des Electriciens</i> , 1 Place du Trône, Brussels.                                                                                                                        |
| <i>Bull. Soc. Franç. Élect.</i> .....          | <i>Bulletin de la Société Française des Électriciens</i> (Mala-koff (Seine)).                                                                                                                             |
| <i>Canadian J. of Tech.</i> .....              | <i>Canadian Journal of Technology</i> . Formerly, <i>Canadian Journal of Research</i> , Section F, address unchanged.                                                                                     |
| <i>Chem. News</i> .....                        | <i>Chemical News</i> (London).                                                                                                                                                                            |
