To make technical information available as quickly as possible, the peer-reviewed papers in this publication were printed "camera-ready" as submitted by the authors.

The quality of the papers in this publication reflects not only the obvious efforts of the authors and the technical editor(s), but also the work of these peer reviewers. The ASTM Committee on Publications acknowledges with appreciation their dedication and contribution to time and effort on behalf of ASTM.

## Foreword

This publication, *Bioremediation of Pollutants in Soil and Water*, contains papers presented at the Symposium on Bioremediation, held in Fort Worth, Texas on October 14–15, 1993. The symposium was sponsored by ASTM Committee F-20 on Hazardous Substances and Oil Spill Response. Brian S. Schepart, Chair of Subcommittee F-20.24 on Bioremediation, served as editor of this publication.
