FOREWORD

The papers and discussions in the Symposium on Paper and Paper Products—New Developments with Accompanying Requirements for New Testing Methods, were presented at the Thirty-fourth and Thirty-sixth Sessions of the Sixty-first Annual Meeting of the Society held on June 26, 1958, in Boston, Mass.

This symposium was sponsored by Committee D-6 on Paper and Paper Products to acquaint the paper consumer with recently developed new tests, and to encourage discussion of well-established tests in the light of new approaches to paper manufacture. The symposium was developed by a Symposium Committee consisting of W. R. Willets, Paper Development Laboratory, Titanium Pigment Corp., New York, N. Y.; L. S. Reid, General Purchasing Agent, Metropolitan Life Insurance Corp., New York, N. Y.; and under the chairmanship of H. A. Birdsall, Member, Technical Staff, Bell Telephone Laboratories, Murray Hill, N. J. The co-chairmen for the symposium sessions were F. F. Newkirk, Research Director, American Sisalkraft Corp., Attleboro, Mass., and H. A. Birdsall.

NOTE.—The Society is not responsible, as a body for the statements
and opinions advanced in this publication.

CONTENTS

	PAGE
Introduction—H. A. Birdsall.....	1
Some Historical Developments in Paper Testing—W. R. Willets and F. R. Marchetti.....	3
Discussion.....	13
Testing of Synthetic Fiber Papers—F. H. Koontz, and J. K. Owens.....	14
Discussion.....	23
Nonwoven Fabrics and Synthetic Fiber Papers: Technology and End Uses—J. T. Taylor and P. J. McLaughlin.....	26
Discussion.....	34
New Developments in the Internal Bonding of Paper—K. W. Britt and J. W. Eastes.....	35
Discussion.....	41
A New Cotton Paper Furnish—J. A. Harpham.....	43
Clupak Paper—A New Type of High Stretch Paper—Its Manufacture and Performance—R. J. Diaz.....	51
Discussion.....	61
Relative Humidity Measurements in Package Materials Testing—B. H. Schrier and P. K. Wolper.....	64
