Title: Surfactants and detergents : chemistry and applications / Syed Q.A.

Rizvi, Ph.D.

Description: West Conshohocken, PA : ASTM International, [2021] | Series:

ASTM's manual series 80 | Includes index. | Summary: "Two common terms used to describe surface-active materials are amphiphiles and surfactants. The term amphiphile is derived from Greek-amphis meaning "both" and philia meaning "love or friendship." An amphiphilic chemical is a chemical whose molecular structure has one or more hydrophilic groups and one or more hydrophobic groups. Another Greek-derived synonymic term used to describe amphiphilic chemicals is amphipathic (amphis meaning "both" and páttheia meaning "feeling"). Because all surfactants possess hydrophilic and hydrophobic groups, they are termed as amphiphilic or amphipathic compounds. The term surfactant, a contraction of surface-active agent, implies the material is active at surfaces. Surfactants have the tendency to adsorb at surfaces as well as interfaces. The difference between surfaces and interfaces is that surfaces involve a gas, usually air, as one of the phases, and the interfaces are boundaries between two immiscible phases. Five interfaces are possible from three common states of matter (solid, liquid, and gas)" – Provided by publisher.

Identifiers: LCCN 2021015513 | ISBN 9780803171312 (paperback) | ISBN 9780803171329 (ebook)

Subjects: LCSH: Surface active agents. | Detergents.

Classification: LCC TP994 .R57 2021 | DDC 668/.1--dc23

Foreword

THIS PUBLICATION, *Surfactants and Detergents: Chemistry and Applications*, was sponsored by ASTM Committee on Publications. This publication is Manual 80 of ASTM's manual series.

Contents

1	Surfactants: Fundamental Concepts	1
2	Anionic Surfactants	47
3	Cationic and Amphoteric Surfactants	91
4	Nonionic Surfactants	119
5	Specialty Surfactants	151
6	Biosurfactants	167
7	Surfactant Use in Detergents and Cleaning Products	191
8	Surfactant Use in Personal-Care and Cosmetics	239
9	Use of Emulsifiers in Foods	271
10	Surfactant Use in Ethical Drug Delivery	305
11	Agricultural Chemical Formulations and Delivery Systems	323
12	Surfactant Use in Textiles	333
13	Surfactant Use in Petroleum and Petroleum Products	349
14	Surfactant Use in Inks, Adhesives, Sealants, Paints, and Coatings	363
15	Surfactant-Enhanced Environmental Remediation	377
16	Miscellaneous Applications	397
17	Analytical and Testing Methods for Surfactants	427
18	Surfactants, Detergents, and the Environment	459
	Index	481
