FOREWORD

The papers and general discussions in this Symposium on High Additive Content Oils were presented at the First Pacific Area National Area Meeting of the American Society for Testing Materials, held in San Francisco, Calif., October 10-14, 1949. The Symposium, held on October 12, was sponsored by Committee D-2 on Petroleum Products and Lubricants under the direction of Mr. H. C. Mougey, Research Laboratories, General Motors Corp., Mr. Robert Matteson, California Research Corp., member of Papers Committee of the General Committee on Arrangements, California District Council.

Mr. A. H. Batchelder of the California Research Corp., presided over this petroleum session.
