# ACKNOWLEDGMENTS

---

*A Guide to the Safe Handling of Hazardous Materials Accidents* was the result of the coordinated efforts of the many individuals who have actively served on ASTM Committee F-20, Division on Hazardous Materials Spill Response. The Division acknowledges the specific efforts of M. N. McCulloch of the Southern Pacific Transportation Company, who provided the draft documents from which this manual was developed.

This revised edition of ASTM STP 825, now designated Manual 10, is the product of the active members of F20.2000, Hazardous Materials Spill Response, from 1986 to 1990.

# CONTENTS

---

Purpose Statement	1
Introduction	3
Explosives: Class A, B, and C	5
Oxidizer	11
Organic Peroxide	14
Poison A	17
Poison B	23
Nonflammable Gas	26
Flammable Gas, Flammable Liquid, Combustible Liquid	32
Flammable Solid	45
Corrosive Material	48
Irritating Material	52
Etiologic Agent	53
Radioactive Material	54
Special Category: Water-Sensitive Liquids I, Metals and Metal Alkyls	59
Emergency Response Guide (insert)	Inside Back Cover
